Happiness is peace of mind

www.510earth.com

YOU, ME, US....

Rest, Sleep. Let your mind have the dream he desires and let your body have the peace he deserves.

Life deserves every extra moments, every extra bit of joy. Every drop of extra living, is what a life truly cherishes.

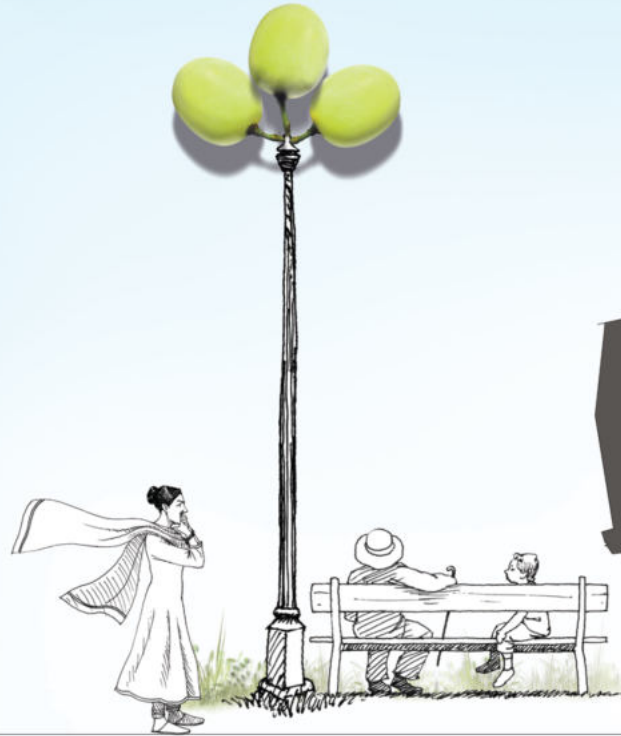

Amidst the lush greenery, expect all the comforts of modern amenities. This is what you are assured at Rajwada Greenshire in Narendrapur.

Every breath that you take here will fill up your senses with that added hint of accomplishment, which you have achieved, by choosing Rajwada Greenshire.

Located just at the outskirts of the city, Rajwada Greenshire promises all the comfort and facilities that any other project assures inside the city. But it also gives you the extra amenity of fresh air, abundant greenery, peaceful greenery and blissful serenity.

That Little Extra...

FACILITIES & AMENITIES

Children Park

Dedicated and well protected place for the children, where they can have a quality time with un-disturbed fun and excitement. Swings, Slips, restrooms and all other required amenities will add breeze to their wings, to fly high and enjoy a desirable childhood.

Games Room

A well planned Games Room with provision of table tennis, carom, table hockey, billiards and snooker, darts, and chess will definitely make after work life of all residents irrespective of boys, girls, men and women, pleasant and enjoyable. The place is not only right to recreate but also a great place to socialize.

Gymnasium

A gymnasium, equipped with state-of-the-art equipment, at a very comfortable and cosy location, is what you can expect here which is going to help you lose those extra kilos as well as gain muscles. A perfect place to sweat while smiling.

Community Hall

A well planned, spacious, community hall, which can cater to all the festivals and events of the residents, has been given an utmost priority while planning the entire project. A place where one can show case all their creativity and meet for informal or formal gathering.

Water Filtration Plant

Water purification is the process of removing undesirable chemicals, biological contaminants, suspended solids and gases from contaminated water. The goal of the water treatment plant is to produce water fit for human consumption.

Intercom Connectivity

Internal communication in case of any emergency or serious need can be handled most effectively and efficiently with the help of intercom connectivity, which is available in all the flats and at the help desk, security and housekeeping.

CCTV

To ensure utmost security, CCTV is installed at every floor along with other important locations to identify and investigate, if required, if some untoward incidents happen.

Power Backup

An uninterruptible power supply, also uninterruptible power source is an electrical apparatus that provides emergency power to a load when the input power source, typically mains power, fails. This is provided in our project for uninterrupted power to all the flats in the project.
